

Dr. Erlinda Oracion is a staunch patient safety advocate and pediatric anesthesiologist with over 30 years of diverse and practical leadership experience. Her quality improvement and patient safety expertise include advanced airway management, perioperative crisis management, patient blood management, antimicrobial stewardship, leadership and governance, and innovative digitalization.

Dr. Oracion chairs the Safety and Quality of Practice Committee of the World Federation of Societies of Anaesthesiologists (WFSA), leads the Asian Society of Paediatric Anaesthesiologists (ASPA) Patient Safety Group, and chairs the Commission on Patient Safety & Quality Assurance of the Philippine Society of Anesthesiologists (PSA). She is actively involved in the Education Committee of the Asian Society of Paediatric Anaesthesiologists (ASPA).

Currently, she leads the simulation programs at the Department of Anesthesiology & Perioperative Medicine at Rizal Medical Center and the Cardinal Santos Medical Center's Department of Anesthesiology and Pain Medicine. She is one of the founders and a program director of the Collaborative Simulation Training in Anesthesia (COSTA). She is also a facilitator and active Anesthesia Critical Care Education Through Simulation special interest group (ACCESS) member.

She previously served as the President of the Philippine Society for Pediatric Anesthesia (2012-2014). She was the Section Head of Pediatric Anesthesia at the Rizal Medical Center (2010-2022). She also served as The Medical City's lead coordinator during its Joint Commission International Accreditation (2015 & 2018). She also led the 1TMC Quality Improvement and Patient Safety Council, overseeing The Medical City Network's quality and patient safety initiatives, consisting of six hospitals and over 40 clinics.

A staunch Patient Safety Advocate with over 30 years of diverse practical and leadership experience as an Anesthesiologist with a subspecialty in Pediatric Anesthesiology.
